

## Training the GIS Professional

# Technical Requirements for Virtual Training Course

**To participate in an Esri UK Virtual Classroom course, you must meet the following requirements:**

- Review [Esri UK Training Terms and Conditions](#)
- A computer running Windows 7 or above
- A computer with 1024 x 768 screen resolution, 24 bit color depth and a minimum of 1GB of RAM
- A broadband Internet connection
- Web browser: Internet Explorer 10 (or higher) or Mozilla Firefox 50 (or higher), Google Chrome v55 (or higher)
- A headset - voice is delivered by VOIP
- Students outside the United Kingdom may incur additional costs, please contact us for more information.

You will need to successfully complete two sets of connection tests:

1. Connection to Adobe Connect for viewing course presentations and instructor-led demonstrations. The Adobe connect connection tests can be found [here](#).
2. Connection to the hosted ReadyTech environment in which attendees will carry out class exercises. The ReadyTech connection tests can be found [here](#).  
The course requires you to use an HTML 5 browser; a link to test the compatibility of your browser is included on the ReadyTech connection tests page

If you have any problems then please do not hesitate to contact [training@esriuk.com](mailto:training@esriuk.com).

Once both sets of connection tests have been successfully completed then please inform [training@esriuk.com](mailto:training@esriuk.com).
